

Host an International Student

What a blessing it would be for you to become friends with an international student! For the past 14 years, Solana Beach Presbyterian Church has partnered with UCSD to host hundreds of these outstanding students and future leaders from all around the world. This year, Bethlehem Lutheran Church has joined in partnership with SBPC to host students as well.

To host an international student, you choose a student from those who apply. You pick that student up from the airport and host them in your home for 3-6 days. You help them get acclimated to America, maybe help them get a bank account, get a cell phone, etc. After this short stay, most families invite their students to family events, holidays, church, etc. You become their American family!

In the past few years, the hosting program has had more students sign up than there have been host homes. We are praying for an abundant supply of openhearted host families this year. Students are preparing to arrive soon.

International Student Outreach organizers and leaders are eager to hear from you! Contact Carole Orness at 619-985-2138 to sign up or ask questions.
